Cathedral and Boat & Trip on the Guadalquivir

We will visit the Gothic Cathedral with the largest area in the world; declared World Heritage by UNESCO in 1987. Its construction dates back to 1401 on the site where the old Aljama Mosque was located, of which the “La Giralda” Minaret symbol of Seville is preserved, with the possibility of climbing its 341-foot bell tower and contemplating the best views of the city. We highlight, among others, The Patio de los Naranjos and the Tomb on the pedestal of Christopher Columbus.

Then we will take a one-hour boat ride on the Guadalquivir River, the river of the great waters and main Port of Spain in the Indian Campaign, which will allow us to contemplate and admire the fine silhouette of this magical city.
