Day 2: Hong Kong

Hong Kong was once a simple fishing village. Today, it is one of the world's most cosmopolitan cities where East truly meets West. See all the highlights of Hong Kong Island on this orientation tour. It is a great way to get to know Hong Kong and its famous landmarks and history. Start with a ride on the iconic Star Ferry as you cross Victoria Harbor, one of Hong Kong's greatest assets and a jewel that people marvel at no matter how many times they visit the city. You'll then have a chance to visit the Man Mo Temple, a picturesque tribute to the God of Literature (Man) and the God of War (Mo), before exploring Cat Street – home to antique dealers, curio merchants and art galleries. Next is a ride on the World's steepest funicular railway, the Peak Tram! Pulled by steel cables, the tram climbs 373 meters (about 1,200 feet) and is so steep that the buildings you pass look like they're leaning. Looking down from The Peak, you'll be amazed by the spectacular view of the surrounding city skyline, the world-famous Victoria Harbor and Kowloon, towering skyscrapers and peaceful green hillsides. Next you will visit Aberdeen, the famous fishing village where you'll see Hong Kong's junk-dwelling "floating community" - still very much a part of Hong Kong life. An optional 15-20 minutes sampan ride can be arranged into the typhoon shelter for a close-up view of waterborne life. (At own expense). Feel like dining amidst the sumptuous surroundings of a Chinese palace? Welcome to Jumbo Kingdom, one of Hong Kong's truly unique attractions. Since its opening in 1976, it has excelled in the preparation of local cuisine for discerning diners. Here you will experience a Chinese Dim Sum lunch complete with Chinese tea. Situated in Aberdeen harbor, Jumbo is a modern complex of fine-dining, sightseeing and cultural attractions – a must-see destination for a complete Hong Kong experience. After Lunch you will pass through picturesque Repulse Bay on your way to Stanley, a popular market town on the sunny south side of Hong Kong Island. Spend the remainder of your tour exploring Stanley's relaxed ambience and markets where bargain buys have made it world famous. Overnight at your hotel. [B/L]

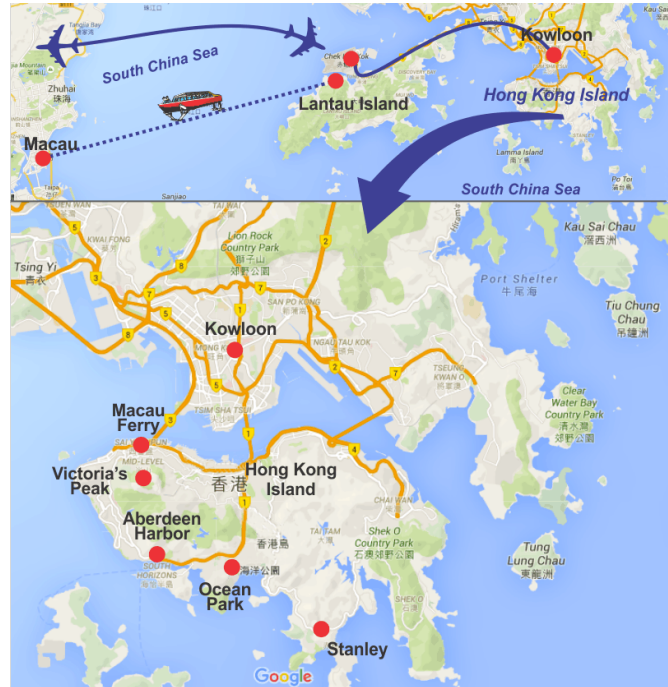

Day 3: Hong Kong Ocean Park

Today will be dedicated to one of the most famous theme parks in Asia: Ocean Park never fails to impress! The outdoor escalator system is the second largest in the world and the cable-car ride to the headland provides unparalleled panoramic views of the south side of Hong Kong Island's Riviera-like coastline and some of the 260 outlying islands of Hong Kong. There are numerous rides to enjoy as well as the Ocean Theatre - the home of a marine mammal show featuring dolphins and sea lions. The newly renovated Giant Panda Habitat is another must-see attraction. Le Le and Ying Ying are gifts from the Chinese Government to celebrate the 10th anniversary of the establishment of the Honk Kong Special Administrative Region. Overnight at Hotel. [B]

Day 4: Hong Kong, Macau, Hong Kong

Early morning transfer you to the Macau Ferry Terminal to start today's tour to the fascinating city of Macau. Like Hong Kong, Macau is a place where East meets West, albeit with a slight twist. On this tour you will be shown the charm of the Chinese and Portuguese heritages embraced in arrays of modernized architecture. Upon arrival in Macau, your tour begins with visits to a number of world heritage sites include the Na Tcha Temple and a section of the Old City Walls. This surviving segment of the City Wall was built in 1569. It is a remnant of an early Portuguese tradition of constructing defensive walls around their port settlements. Next you will visit the Museum of Macau, which exhibits Macau's history, people and culture. (Note: On Mondays, because the Museum of Macau is closed, it will be replaced by a visit to the Maritime Museum.) After the visit you will have time to explore Mount

Fortress. This World heritage site was Macau's principal military defense structure, which was built in conjunction with the Jesuits from 1617 to 1626. The fortress covers an area of 2.5 acres and is in the shape of a trapezoid. The tour continues to the landmark of Macau – the Ruins of St. Paul's Roman Catholic Church. This Roman Catholic Church was built in 1602 and burned by fire in 1835. Miraculously, fine art of carvings and statues can be seen on the surviving facade. Stroll through Senado Square, the historic heart of Macau and also the location of one of its municipal markets, surrounded by several blocks of bustling street stalls. In the narrow streets, leading off the main square, a wealth of inexpensively priced goods of all kinds can be found. Next stop at the famous A-Ma Temple - built 400 years ago in homage to a girl who saved seamen's lives. The final stop will be the Macau Tower, where you can gaze out over Taipa and Coloane, look for Macau's landmarks and historical sites or try to spot Hong Kong's outlying islands. During the tour there will also be a short stop at one of the Casinos in Macau as well as a buffet lunch at Fisherman's Wharf. Transfer back to hotel for overnight. [B/L]
