Your Cruise:

The name – Latin for "Southern Wind" – reflects Tierra del Fuego's distinctive weather, a factor that has long determined the region's socio-cultural development and that so impressed the early mariners who endeavored to explore Patagonia's southernmost waterways.

Tailor-made for exploring the remote southern tip of South America, all aspects of the 210-passenger ship -- including size, length, draft and engine power -- are designed to give Ventus Australis the extreme maneuverability necessary to navigate narrow fjords and channels where no other cruise ships can venture.

Asenav, the internationally acclaimed Chilean shipyard, is creating our latest masterpiece, just as they did with the three other expedition ships for Australis.

Ventus Australis will feature the latest regulations regarding safety at sea and protecting the marine environment, as all of our fleet does.

Features:

Launching season: 2017-2018
First Departure: January 2nd, 2018

Passenger Capacity: 210
Total Cabins: 10

Cabins:

The 100 Ventus Australis spacious cabins consist of six categories, all with lower beds, a picture window, private bathroom, heating, closet and safe deposit box. 96 cabins measure 177 square feet, while the 4 Superior cabins on the Cabo de Hornos and Tierra del Fuego Decks measure 220 square feet. Bed configurations include twin or matrimonial, depending on the cabin.
